## Introduction to Construction Skill Set

This program is aimed at those who are currently seeking employment in the construction industry. Participants will learn basic skills and knowledge applicable to the construction industry, under the direction of an experienced trainer. Please give us a call to assess your suitability.

### Course Schedule

**Duration:** 6 weeks - 3 weeks in the classroom and 3 weeks on construction site.

**Date:** 10th March 2026 – 14th April 2026

**Class Time:** 9.30am – 2.30pm

**Format:** 2 days per week combination of Mondays - Thursdays

**Venue:** Classroom – 26 Elizabeth St, Launceston. On site construction venue - Western Junction

**Cost:** Free - there is no cost for eligible participants. This training is subsidised by the Department of State Growth, Tasmania. Funded places are limited, subject to eligibility.

#### Hobart

1 Bowen Rd  
PO Box 447  
Moonah TAS 7009

#### Launceston

26 Elizabeth St  
PO Box 5500  
Launceston TAS 7250

#### Devonport

56 Oldaker St  
Devonport TAS 7310

## Course Information

Training will be delivered by one of our professional trainers with extensive industry experience.

The training utilises materials such as power point presentations, paper based resources, current industry workbooks and practical tasks.

Assessments will be conducted using written and observation assessment tools.

This program is nationally recognised and on successful completion you will be awarded with a statement of attainment for the units listed below.

For information around refunds, LLN issues, available support services, and all other relevant information, please refer to our student guide handbook – which is located on our website, or available on request.

## Course Content

On completion of the course, participants will be able to demonstrate the practical skills and knowledge regarding:

- Working safely in the construction industry
- Planning and organising basic work tasks on a construction site
- Selecting and using basic construction tools and equipment
- Safely handling and storing construction materials
- Completing a basic construction project
